Dear children of Year 3 & 4,

Thank you for your work that you've created so far this term. As well as completing daily reading, this week's project will be more open-ended and may take more than a couple of days to complete. They will cover a range of different subjects within them. Please complete as many as you can.

Design your own holiday park:

- Cornwall and Devon are famous for their beaches and holidays. I would like you to design your very own holiday park. Consider the following: Where will it be? What will it be called? What will it look like? How will people get there? How much will it cost? How will people find out about it?

May Day Traditions:

- Over the course of week, complete research into May Day – this could include research online, talking to your families or talking to friends (at a safe distance). With your research I would like you to create a one-page (A4) information sheet about May Day and its many traditions.

VE Day:

- This Friday commemorates the 75th anniversary of VE Day. On the class website you will see a selection of different recipes to make some wonderful food. In addition to this, why not try some of the following:
 - [Great British Bunting](#)
 - [Host a lockdown tea party](#)
 - [Knitted bunting](#)

Maths & English:

- The tasks above will include elements of maths and English. To supplement this, please complete a couple of activities every day on BBC Bitesize.

Please continue to stay safe and healthy.

Yours sincerely,

Mr Young
